HCN Tribal Historic Preservation Officer:  
William Quackenbush  
(Naąwaçekgize)

Jon and Bill have continued to play integral roles within the Ho-Chunk Nation and beyond. Jon has previously served as the President of the HCN (2011-2015) and has been elected to lead his tribe once again (2023). For over 24 years, Bill has been an asset to his tribe through his diligent work in Cultural and Heritage Preservation.

Together, they will walk us through the past, present, and future of the Ho-Chunk Nation; how a tribe became a nation, how artifacts are more than mere art, and how we will continue forward, while honoring the past.
