Feelings on Propose Models - Divisional Structure

Thinking about the outcomes of the proposed CALS Divisional structure, please tell us how much you agree or disagree with following statements

Changing our organizational structure will improve collaboration between research groups.

The new organizational structure will be beneficial for students.

Changing our organizational structure will allow more efficient administration of departments.

Changing our organizational structure will create more bureaucracy.

The new organizational structure will change how we self-govern.

The new organizational structure will not produce meaningful change in CALS.
The new organizational structure will enable future merging of departments or instructional programs.

Feelings on Model - Budget Structure

Thinking about the outcomes of the proposed new budget structure, please tell us how much you agree or disagree with following statements

Changing the CALS budget structure will improve financial operations.

Changing the CALS budget structure will allow departments to plan future faculty hiring more effectively.

Changing the CALS budget structure will provide departments with more financial flexibility to accomplish their missions.

Selecting a Division for your department

Thinking about the Divisional Structure outlined by Dean VandenBosch, please think about your department and up to 3 other departments that you could envision sharing a division.

To indicate your choices please drag the department names to the appropriate boxes. (Please select just one department per box)
Animal Sci  
Bacteriology  
Biochemistry  
Biological Sys Eng  
Comm & Env Soc  
Dairy Sci  
Entomology  
Forest & Wildlife Ecol  
Food Sci  
Genetics  
Horticulture  
Life Sci Comm  
Nutritional Sci  
Plant Pathology  
Soil Sci  

Comments

If you would like to provide any additional feedback for the CALS leadership or the CALS Organizational Change Committee on the proposed organization model, please do so here.
